### **MagnaReady**

Magnetically infused shirts make getting dressed quick and painless. Specifically manufactured for people with Parkinson's and other disabilities.

[www.magnaready.com](http://www.magnaready.com)

### **Melvin Weinstein Parkinson's Foundation**

Purchases equipment and supplies necessary for people living with Parkinson's to sustain a safe and healthy environment and preserve their self-esteem and dignity. Currently responding to funding requests.

[www.mwpcf.org](http://www.mwpcf.org)

### **Muhammad Ali Parkinson Center**

Located in Phoenix, AZ, this is one of the most comprehensive Parkinson treatment centers in the world. Coordinating patient care, physical therapy, speech therapy, occupational therapy, pharmaceutical and surgical care, research and patient education and outreach. Also provides information for people with Parkinson's in Spanish.

[www.barrowneuro.org](http://www.barrowneuro.org)

### **National Parkinson Foundation's Recursos en Español**

Diversos recursos en español.

[www.parkinson.org/espanol](http://www.parkinson.org/espanol)

### **Parkinson's Voice Initiative**

Aims to record 10,000 voices across the world, collecting enough recordings to address the need for a test for Parkinson's. Voices of people with and without Parkinson's are needed.

**Pill Pack**

A full service pharmacy that delivers pre-sorted and labeled medication to your door every two weeks.

[www.pillpack.com](http://www.pillpack.com)

**Stravida Velcro Belts**

Enables users of any ages, capabilities and symptoms to independently and fashionably dress themselves, thanks to the Velcro fastener. Belts look like traditional belts - no one can tell you are wearing a Stravida belt but you!

[www.Stravida.com](http://www.Stravida.com)

**UStep**

This company designs the LazerCane which projects a bright red line in the user's path that can help break "freezing" episodes.

[www.ustep.com](http://www.ustep.com)

**ZocDoc**

This website allows users to find doctors in their area based on their insurance type. This is excellent for individuals looking for a physician who accepts Medicare or Medicaid.
